This map displays the water level management (streefpeilen) for the GGOR St. Anthonis - Boxmeer area. The map is color-coded to show different types of water bodies and infrastructure: blue for water, green for land, and yellow for urban areas. A network of blue lines represents waterways, with labels indicating specific water levels and coordinates. Black arrows point to various locations, likely indicating the direction of water flow or the location of specific infrastructure. The map includes a legend in the top left corner, a scale bar, and a north arrow. The map is titled 'Streefpeilen GGOR St. Anthonis - Boxmeer'.
